The intent of the Honorary Commanders (H/CC) Program is to pair up base leadership with community leaders to educate our community about the U.S. Air Force, the Air National Guard, the 144th Fighter Wing, and each commander's individual units. Each honorary commander will be linked with a specific group, squadron, or flight commander.

Each honorary commander's term is between two to three years. Honorary commanders are considered a member of their unit and are encouraged to attend unit events to gain knowledge and build a strong partnership with their military commander, unit personnel, and the Fresno Team.

The 144th Fighter Wing commander is the approving official for each honorary commander. Honorary commanders may be nominated, or they may self-nominate by completing the information below:
